NEBDN: Dental Fluoride Varnish Application

Training in Dental Fluoride Varnish Application: Intended Learning Outcomes

The following syllabus is designed to provide Dental Nurses with the educational experience, including the knowledge, critical understanding, intellectual skills, practical skills and personal attitude to enable them to provide effective Fluoride varnish application within a community-based programme and / or on the prescription of a dentist.

	On successful completion of the programme, dental nurses should be able to:	Teaching and Learning method(s)	Assessment method(s)	Ref NOS
Knowledge and	understand the fundamentals of oral health promotion	CBL		6P16
critical	understand the role and limitations of dental fluoride varnish application.	SDL	ROC	
understanding	understand the importance of ensuring appropriate patient safeguards are in place including how the training of	ST		
	personnel is assured, the need for appropriate referrals , the completion of consent forms and medical history forms,			
	the arrangements for post application information and when there is a requirement for a Patient Group Directive.			
Intellectual skills	support their own learning and that of others	CBL		4P13
	to make specific clinical judgements prior to applying Fluoride varnish	SDL	ROC	4P12
		ST		
Practical skills	safely and effectively apply fluoride varnish to a range of patients within the current legal and ethical framework	CA		2K4
	communicate effective advice on diet, plaque control and Fluoride use to a range of patients	CBL	ROC	2K5
		SDL		2K6
		ST		
Personal attitude	empathise with patients, parents, carers and colleagues with different social and cultural backgrounds and with	CA	ROC	6P16
	different care needs	CBL		
	be prepared to communicate effectively with patients, parents, carers and colleagues with different social and cultural	SDL		
	backgrounds and with different care needs	ST		

Key: Teaching and Learning methods

CA = Clinical attachment, CBL= Case-based learning, SDL=Self-directed learning, ST=Structured teaching

Assessment methods

ROC=Record of Competence incorporating Multi-source feedback, Personal development portfolio and/or Workplace-based assessment
